EMPLOYABLE AFRICA

THE STAFFING SOLUTION FOR INCLUSIVE
ECONOMIC EMPOWERMENT

**Allen Blue, Co-Founder and
VP of Product at LinkedIn:**

**"It's critical Africa take
advantage of new insights
that help provide a more
comprehensive view of trends
within its workforce, and develop
a network of workers, employers,
educators, policymakers and
trainers that is responsive and
can adapt quickly to change."**

The World Bank Group predicts a

.5% increase

**in Tanzania's GDP by 2020, thus
increasing the demand for labor.**

**2% of Tanzania's
population are people
with disabilities
actively looking
for employment,
becoming a valuable
resource for
companies to utilize.**

**Goals align with the
EMPLOYABLE AFRICA
platform**

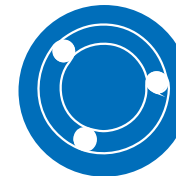

Applicant

*Searching for a job, but
does not have the skills
needed & needs access
to a job posting*

Employer

*Searching for qualified
employees, but does not
have the resources to train
& does not know where
else to post jobs*

I Am Employable

*Provides accessibility via
transcription and other
services to accomodate
various disabilities*

*Publishes and updates job
postings online to alert job-
seekers and match criteria for
job-posters*

*Educates applicants
through capacity training,
and educates employers
the importance of equality
in the workforce.*
